THE SUFFERER'S BEST FRIEND!

HOLLOWAY'S PILLS.

All Disorders affecting the Liver, Stomach, and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These pills are purifiers, alteratives and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

In Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and set most kindly on the stomach liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.

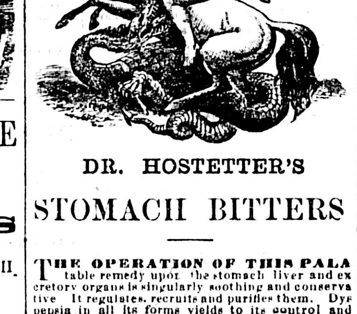

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Inflammation	Stone and Gravel
Asthma	Dysentery	Jaundice	Secondary Symptoms
Bilious Complaints	Erysipelas	Liver Complaints	Tic-Douloureux
Blotches on the Skin	Female Irregularities	Lumbago	Tumours
Bowel Complaints	Fevers of all kinds	Piles	Ulcers
Colics	Fits	Rheumatism	Venereal Affections
Constipation of Bowels	Gout	Retention of Urine	Weakness, from whatever cause &c., &c.
Consumption	Head-ache	Scrofula, or King's Evil	
Debility	Indigestion	Sore Throat	
	Worms of all kinds		

Sold at the establishment of PROFESSOR HOLLOWAY, 244 St and (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d, 4s 6d, 11s. 22s. and 33s each pot.

☞ There is a considerable saving by taking the larger sizes.

N. B—Directions for the guidance of patients in every disorder are affixed to each Box oc10

DR. HOSTETTER'S

STOMACH BITTERS

THE OPERATION OF THIS PALATABLE remedy upon the stomach liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutricious blood, and nutricious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured, strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

☞ BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connectd with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!!

Males or Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

ROYAL MAIL

Steam Packet

Company's Agency,

For British Columbia & Vancouver Island.

OFFICE, MACDONALD & CO., BANKERS,

Yates Street.

THE ATTENTION OF SHIPPERS and passengers is particularly directed to the superior facilities the Royal Mail Steam Packet Company's Line affords for the speedy conveyance of Treasure, Goods and Passengers to and from England to British Columbia and Vancouver Island, in connection with the **Pacific Mail Steamship Company's Vessels and the Panama Railroad.**

The superiority of the accommodation and entertainment on board the Royal Mail Steamers, together with the time occupied on the passage between England and Aspinwall direct being so much shorter than by any other route, and the moderate rate of passage money, render this Company's steamers the CHEAPEST AND MOST EXPEDITIOUS MEANS OF TRANSIT, for passengers or for the forwarding of Goods and Treasure from Aspinwall to Europe.

Under an arrangement with the PACIFIC MAIL STEAMSHIP CO., Specie and Bullion can be conveyed to London and Havre in France

Further Information on the subject of Freight and Passage Money will be furnished by the undersigned.

THE BRITISH COLONIST

Friday Morning, June 3, 1864.

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted) is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week, by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier.

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

THE INDIAN QUESTION.

Amid the excitement of enrolling volunteers for the expedition against the Indians, a very serious question arises—who is to contribute the necessary funds? We do not, of course, propound this query to damp, in the slightest degree, the praiseworthy ardor of those who have taken a prominent part in the volunteer movement; but simply with the view to have the matter clearly understood at the outset. In Governor Seymour's acceptance of Victoria assistance, British Columbia cannot of course be supposed to bear the brunt of the expense. We are in this matter equally interested with the sister colony, and the outlay involved in bringing the murderers to justice, will have to be borne to a certain extent, by our own people. We yesterday alluded to the necessity of furnishing a force of two hundred men, to march by the Bute and Bentinck routes. Taking Mr. Waddington's calculations at $5 a day, we would have for the expense of a month—a period we think almost sufficient for the purpose—the very large sum of $30,000. It may be questioned whether Vancouver Island is able to bear such an additional burthen as this. If we reduce the number to a hundred we at the same time extend, in all probability, the time employed in capturing the murderers; and if no further force is sent at all, there is every likelihood of the ruffians escaping, and further atrocities being committed on the whites in British Columbia. We are, therefore, to some extent on the horns of a dilemma. Between two evils, however, it is wisdom to choose the least; and so we prefer adding burthens to our present taxation in order to save life, and at the same time probably preserve the country from an Indian war.

We must, however, look this matter boldly in the face. We cannot expect British Columbia to pay the whole of the expenses, in case there is any considerable addition made to the present forces that are sent in quest of the Chilcoatens. A fair share will undoubtedly have to be borne by the people of Vancouver Island; and this brings us at once to the helplessness of our condition as a British colony. Settled in the midst of a savage, and to some extent, inimical population, we are liable at any moment to be plunged into hostilities with it. Yet the whole *onus* of our defence, and the defence of the colony, is thrust upon ourselves. It is possible we might, even with our small population, be able to master the treacherous enemy; but financially we should be forever crippled, and the progress of the colony almost hopelessly destroyed. To every owner of real property—to every person who has a permanent investment in the country—this is a serious position in which to be placed. And yet it is a position by no means beyond the bounds of possible occurrence. At the present time, when our ears have been horrified by tidings of murder from the neighboring colony—a treble succession of massacres—intelligence reaches us that the settlers in our own colony—in the adjacent district of Cowichan—are far from being secure. The Indians are becoming every day more and more presuming—more and more audacious; and some of the farmers are already making preparations to send their families to Victoria in consequence. We cannot, therefore, rely on continuous peace, or immunity from outrages that may prove ultimately the death-blow to settling up the country or turning its resources to a profitable account.

There was a time when we had a semblance at least of a military force in the place — when the red-jacketed marines, small as was their number, inspired a wholesome respect in the minds of the savage. Now, however, the Indian sees no indication of military authority, and feels that he has but little to dread from any power that the whites are apparently able to exercise. To make amends, however, for the helpless condition in which we were left, by the withdrawal of the marines, and for other objects, the Imperial authorities talked of sending us out a *regiment* of soldiers. It was simply, however, as usual, going from the one absurd extreme to the other. In April, 1862, the Duke of Newcastle announced that the project had been dropped, but desired Governor Douglas to look out for a "fit site for the future erection of barracks for any of Her Majesty's troops who might be stationed in the colony." The time, we certainly believe, has arrived, when the Home Government should be reminded of its former intentions in this respect, as well as our present helplessness, both numerically and financially. As a colony we have, no doubt, more than our share of the naval forces, but, unfortunately, however powerful and acceptable is the protection of our vessels of war along the coast, they cannot be expected to perform land service, what is most required in our present situation with the Indian population. We hope, therefore, the present emergency will not be lost sight of by His Excellency, nor the opportunity allowed to slip of impressing upon the Colonial Office the necessity of having some military force stationed in these British possessions on the North Pacific. In the meantime our exertions to punish the perpetrators of the recent murders, should not be allowed for a moment to flag. Let the domestic aphorism of a "stitch in time," be our motto for the occasion; and let it not be misunderstood that, independent of our duty in a moral point of view, for every dollar properly spent in such an expedition, probably a hundred will be saved in future. Let this matter be carried out with earnestness becoming the occasion, and it will be indelibly impressed upon the Indian mind that the protecting ægis of a civilized race will be thrown over every white man in the solitude as well as in the city.

A STEP IN THE RIGHT DIRECTION

The notice of motion given by Dr. Powell, yesterday in the House is one which we hope the good sense of the Assembly will not attempt to frustrate. The members heretofore have shown themselves, generally speaking, as much opposed to the education of the children of the colony as if they went into the House for the especial object of driving every schoolmaster from the Island. After killing every attempt to found a school system, we will wait with some little curiosity to see how they will treat the proposition of requesting the Governor to vote the small amount of $2500 for the purpose of enabling the children who are at present running idle about in town, to obtain daily instruction. We can scarcely fancy, however, that any serious opposition will be made to the motion. The statistics which we published last Saturday in reference to the education petition are sufficiently disgraceful to make every member feel on this question peculiarly sensitive, and the families represented in that prayer to the Governor, comprise a class of people whose influence and standing the House would do well not to despise.

To the credit of the Governor be it said, he has given every assurance to the heads of those families that means will be taken immediately to carry out their wishes, if the Assembly will only co-operate with him in the matter. The motion of Dr. Powell, therefore, is the necessary step to enable His Excellency to carry out his own desires, as well as the wishes of the inhabitants. We have already said all that it is possible to say on this educational question, and we hope that the House, by agreeing to the motion alluded to, will preclude the necessity of our again recurring to the subject.

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned, and also

DIABETES,
IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!!

Males or Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

WHISKEY SELLING.—An old settler named Rosamond, living at Metchosen, was brought up by Sergeant Blake yesterday, on a charge of selling whiskey to Indians. The prisoner has a ranch in Metchosen district, about two miles west of Albert Head, and near an encampment of Metchosen Indians. From information received, Sergeant Blake and another officer went across to Metchosen, and secreted themselves near prisoner's house, and saw him hand a bottle of liquor to an Indian. They had seen the prisoner's klootchman previously go into the bush behind the house, and bring in the bottle, which she handed to him. The klootchman stated that she had sold the "lum" to the Indian for "sitkum dollar," which was confirmed by the evidence of the Indian himself. It appeared from the evidence of the officers, that a large quantity of liquor was supplied to the natives from this house. Prisoner stated that he was an old settler, known to many in Victoria Dr. Helmcken among the number, who could testify to his good character. He did not drink any himself, and had never been brought up in the police court before. He said he had been unfortunate, having lost $880 by Christian & Zidetsky's failure, and had only been down at his ranch a short time getting in his crops. The magistrate said it was unquestionable that the prisoner had handed the bottle of liquor to the Indian, and it was highly necessary to put a stop to such practices, especially at the present alarming state of affairs. In consideration, however, of the prisoner's previous good character, and this being the first offence, he would only inflict a fine of $10 with costs. He supposed the prisoner could easily raise that amount.—Prisoner—Ten dollars! Yes, ten hundred if I like. Mr. Wood said this fine would be on record against him, and if ever he came up again, the full penalty of the law would be inflicted.

LOVE, JEALOUSY, AND POISON.—A well known gentleman (in the *pecuniary* line) and wife have a matrimonial squabble—wife rushes off in disgust to Esquimalt, never to return—husband follows in a fine carriage and tries to reclaim his irate spouse, but in vain—comes back disconsolate and wretched, invests two bits in "a cup of cold pison," and carefully measuring the dose, bids a last adieu to all sublunary affairs and swallows the fatal draught—wife hears of the rash deed and returns to her home distracted—husband takes a strong emetic and "All's well that ends well."

INDIAN VOLUNTEERS.—We learn that there is a probability of the services of a portion of the Lillooet tribe of Indians being offered to aid in punishing the Bute murderers Como, a sub-chief of the tribe, who is now visiting Victoria, and who attended the meeting last night, expresses his willingness to volunteer, and says that he believes the services of 100 armed warriors may be secured for the same purpose. This aid would be invaluable to the expedition and the offer should receive the immediate attention of the Committee.

ALARMED.—A settler from Cowichan, who came down by the trail yesterday, states that the Indians there have heard all about the Bute murders, and are becoming very saucy and troublesome, and the settlers are beginning to feel alarmed for the consequences. Our informant states that he will at once bring down his wife and family for fear of an outbreak.

THE SHUBRICK.—The U. S. S. revenue cutter Shubrick, Lieut.-Com. Scammon, arrived in Esquimalt harbor yesterday evening, from Port Angelos. She will return to Port Angelos this morning at eight o'clock.

DRILL FOR BUSH FIGHTING.

The proposition made by the officers of the Rifle corps at the meeting yesterday afternoon seems to have been received with general disfavor. The intentions of these gentlemen were unquestionably good and creditable to their public spirit, but the necessity or advantage of giving a military training to men destined to fight with skulking savages is almost universally denied. Indeed, the general belief, amply borne out by experience, is that it rather unfits a man for engaging, with any hopes of success, with a wily and treacherous enemy, and that a soldier must to a great extent *unlearn* much that has been drilled into him before he can become even a match for an Indian at home in the bush. The Maories, in New Zealand, have a saying, applied to some of the finest troops in the British army, that "one Maori is equal to three soldiers in the bush, and *nine* in the fern." They admit that the reverse is the case in regard to the volunteer forces, the latter being composed of the best riders and crack shots among the settlers If this has been proved true of properly disciplined troops, what could be expected from men only sufficiently trained to have lost their individual self-reliance, without having acquired that confidence which thorough discipline of any kind bestows? The inestimable value of drill, not only for the colonists generally but also for the gentlemen of the Rifle corps themselves, is undeniable: but it must be that drill acquired by the hardy settler in his contest with the perils of the wilderness, and which has proved of such service to the bold backwoodsmen and squatters of Canada, the border States and New Zealand—the drill of the keen eye, the ready hand, and the unerring aim. Let every volunteer be taught to betake himself, rifle in hand, to the bush or the fern, and defend himself successfully against half-a-dozen skulking savages, the only enemies we are likely to have, and when they can do this, the community will rest satisfied that not only will they be safe in their homes from treacherous attack, but that the punishment of such cowardly and atrocious murders as have so lately horrified us all, will be in able and willing hands. The Governor yesterday offered to place 1 000 excellent rifles in the hands of the people; let Capt. Lang organise rifle butts and a thorough system of target practice, and he will soon have volunteers enough who will shortly be able to render more real service than would a regiment of Her Majesty's best troops of the line.

ENROLMENT OF VOLUNTEERS.—At an early hour yesterday morning a large number of men had collected in front of Messrs. Franklin's office, and as soon as the doors were opened a rush was made for the volunteer list. Name after name was put down, and page after page added to the list, till at the time of closing in the afternoon, one hundred and ten men of all classes, conditions and capabilities had signified their desire to take an active part in punishing the savage Indian murderers. Had there been more certainty about the expedition, and had it been known that the command would be given to some competent and popular man, the number would have been doubled or trebled. As it is, the result is very satisfactory, and demonstrates the strong feelings entertained by the community in regard to the late diabolical murders. The despatches with the offers of a large force of armed volunteers will doubtless be sent up to British Columbia by Governor Kennedy this morning, and an answer may be expected by tomorrow night. Should Governor Seymour accept the offer, which he can hardly fail to do, every possible effort will be made to send off the expedition without loss of time. The command will probably be given to Superintendent Smith, whose knowledge of the Indians and of the mode of procedure in an Indian country would be of much value to the expedition. It has been suggested that the services of Mr. McLean of Bonaparte should be secured, but it would take at least two weeks to get him here, and every day is now in all probability freighted with human lives. We learn that some 20 or 30 Indians may be enlisted at Cowichan, whose services as guides and scouts would be invaluable. There are also a few Iroquois at some of the H. B. Co. Forts, who are unsurpassed as scouts and hunters on the Northern continent, and who doubtless could be obtained from the Company.

RIFLE CORPS MEETING.—Pursuant to announcement per placard, a meeting of the Victoria Rifle Corps was held yesterday afternoon. A large number of citizens were also in attendance. Capt. Lang, V. R. C., occupied the chair, and was supported by Lieut. Elliott, Selim Franklin, Esq., and others The audience generally seemed totally ignorant of the purpose of the meeting, nor were they much enlightened by the various speakers who in turn occupied the floor. One of the two civilians who took up a considerable portion of the time of the meeting, created roars of laughter by declaring his readiness to go up and "murder every Indian he could lay his hands on." Towards the close of the proceedings, Capt. Lang, in a manly and eloquent speech, laid the position of the Rifle Corps before the audience, stating that although individual members might volunteer, it was not in the power of the Company to do so as they were at the orders of His Excellency, as Commander-in-Chief of the Colony. He also explained the purpose for which the meeting had been called, viz., to invite all who felt a wish to obtain some knowledge of military evolutions, to avail themselves of the Company's drill, to acquire instruction which he thought might unhappily be necessary in the Indian complications which had arisen. He concluded by stating that to-night (Friday) the drill-room would be open to all comers, and he hoped many would avail themselves of the opportunity.—The meeting then dispersed.

TRIAL TRIP.—Captain Moore's splendid steamer Alexandra made a short trial trip yesterday evening, which resulted in the most satisfactory manner to her owner, and also to a numerous party of his friends who were on board. The machinery, manufactured by Spratt & Kriemler of the Albion Iron Works worked to a charm, the wheels making a revolution with only six pounds of pressure on the boilers! No attempt was made to test her speed, as it was deemed unfair to do so till she had made two or three trips and got into good working trim. She answers her helm admirably, and Captain Moore says he can turn her in any part of our harbor. He also says he will guarantee to take her straight through to Yale with a full cargo at any stage of the river. She sails for New Westminster and Douglas this evening.

MALICIOUS.—Some villain cut loose the pile driver from her moorings at Anderson's new wharf on Wednesday night, and she beat against the piles till she went to pieces and sank. The same scoundrels also broke open the tool house and stole the contractor's tools, leaving the workmen's. It is conjectured that it is the work of some scamp who has an ill will towards the contractor.

BOAT RACING.—The men-of-wars men are indulging in aquatics at Esquimalt. Yesterday a race took place between two of the boats of the Sutlej and Tribune, and other races between the boats of the same vessels are on the *tapis* before the departure of the latter for New Westminster.

THE NAVAL RACES—as previously announced in the COLONIST, come off to-day, the first being a steeple-chase between Lieuts. Stewart and Maxwell of the Sutlej at one o'clock; other races will follow. The splendid band of the Sutlej is expected to be in attendance.

SUPREME COURT.—*Briggs & Kinsman vs. Reid.*—This case occupied the whole of yesterday's session, and was at length brought to a close by a verdict for the plaintiffs, for $534 over and above the amount paid into court.

THE GOVERNOR ON THE BUTE TRAGEDY.

The committee appointed at the emergency meeting, consisting of Revds. Messrs. Garrett and Evans, and Messrs. Waddington, DeCosmos, Young, and Mallandaine, waited on His Excellency yesterday at noon, and Dr. Evans laid the resolutions passed, before His Excellency, who read them carefully, and expressed his hearty and entire concurrence with their spirit, remarking that he need hardly assure the deputation that no one felt more strongly than himself, at the terrible events which had transpired. He was very sorry, however, that he felt himself practically powerless to take any active steps in the matter. As they were aware, he had sent the depositions of the survivors of the massacre to New Westminster as soon as possible and had stated to Governor Seymour that if he would accept aid from this colony, he could furnish any requisite number of volunteers.—In reply, Governor Seymour had sent down Mr. Good to make the necessary arrangements here; but had not said whether the services of volunteers from this colony would be required, as he was then unaware of what course it would be advisable to pursue. His Excellency remarked that he was of opinion that the Indian policy in these colonies, especially of late years, had been a very mistaken one. No doubt the 'bread and treacle" system was efficacious at one period, but that time had gone by. The true mode of dealing with savages here or anywhere else was, with strict justice, good faith, and the greatest firmness.

Rev. Mr. Garrett said the first great thing to be attended to was, to place the expedition under the command of a suitable person, who must be well acquainted with the country, and with the customs of the Indians.

His Excellency approved strongly of this suggestion, and added that the expedition must be placed on the most effective footing possible. He had only found out the other day that there were, he did not know how many rifles belonging to the colony, but he had just seen in a shed close to the government buildings, 1,000 stand of beautiful and costly arms lying actually eaten into with rust, and not even locked up! As he saw a member of the Assembly present, he might say that as the House had been discussing the national defences, here were a portion of the defences of the colony which badly needed looking after.

Mr. C. B. Young said that there were some Lillooet Indians here who might get their tribe to render valuable aid, and suggested also the employment of Mr. McLean, of the Bonaparte, as a man of much experience in such matters.

Dr. Evans called attention to the great danger the inhabitants of this island were in, and said that the matter concerned us most deeply.

His Excellency said it was as well that the committee, as representatives of the public, should understand the true position of the case. He had had something to do with savages in his time, and he knew something of the mode of dealing with them. Here we were on this island with only two paid magistrates in the whole colony, when there ought to be in every settlement a magistrate who should have a thorough knowledge of the Indians and their doings, and keep the government well acquainted with all that was going on; what was to prevent like tragedies to those we now deplore, happening in Comox or Cowichan or elsewhere? Another great evil was licensing whiskey sellers in the remote districts where their only traffic could be in selling to the natives. It was the duty of the government to protect by every means in their power the outside settlers. As to the enrolment now going on he thought it an excellent idea in any case; every man in the colony should know how to handle a rifle, as we did not know how soon we might be called on to fight for our hearths and homes.

Mr. Garrett said the next important point was the funds.

Mr. DeCosmos said the first point was for His Excellency to sanction the movement; the next was to ascertain where the funds were to come from.

His Excellency said he had no doubt whatever that ample funds would be readily raised; the first thing to be ascertained, however, was whether Governor Seymour would accept of our assistance. He was sure this colony would heartily bear its full share both in purse and person.

Mr. Waddington said he had had much experience in these things, and he felt sure that $5 per day per man would be required, allowing say $40 per month for men and counting the expenses of food, packing, &c. This, for 100 men, would be $15,000 a month or $60 000 for four months—a very serious consideration.

His Excellency quite agreed with Mr. Waddington's calculations. He himself was an old enough soldier to know that a soldier without food or shoes or transport was a very useless article His own opinion from the first had been that three separate parties should be sent, one by Bentinck, one by Bute, and a third by Alexandria; they would thus attack the savages from all sides.

Mr. Waddington said that there had been a difficulty about sending a gunboat to Bella Coola after the previous murders there, which he could not understand. It seemed that there was none disposable.

His Excellency expressed dissatisfaction at such a state of things.

Dr Evans, followed by Mr. Waddington, expressed grave fears that the white settlement at Bentinck Arm was already swept off.

His Excellency said it was astonishing that men would go among these treacherous savages so totally unprovided with arms. Our Southern neighbors would not stir out without revolver on hip or rifle in hand. He feared that, although the Bute party gave the Indians no provocation, they placed a terrible temptation in their way by being so unprotected.

Mr. DeCosmos alluded to the urgent necessity which had existed these five years for a law preventing the sale of arms and ammunition to the natives, with which remark His Excellency heartily agreed, saying it was lamentable to think this state of things had been allowed. It was highly necessary to do away with the old "bread and treacle" system.

Mr. Waddington said that the system had lost its effect on the departure of Governor Douglas, who was looked on as a *Tyhee* by the natives.

His Excellency feared the system had failed before his predecessor had left. He found that murders had been taking place almost periodically before he had arrived here, and nothing attempted to be done. I was very bad policy to make demonstrations and nothing more. His Excellency concluded by promising to lose no time in laying the propositions of the people before Governor Seymour, who, he had no doubt, would accept their offers with thanks, but he could do nothing further without Governor Seymour's consent. Meanwhile the enrolment should be warmly encouraged, and he himself would inspect the volunteers and see that they were fit for the undertaking.

The deputation then withdrew.

THE PUBLIC HEALTH.

EDITOR BRITISH COLONIST: SIR.—At the request of several friends, I beg to call your attention to the sanitary condition of Johnson street, feeling satisfied, through the medium of your valuable paper, that it will meet the eye of some party or parties whose duty it is to see that this street is not left in such a disgusting state as it is at present.

If, Mr Editor, you will take a walk on this street from Government to Wharf, and kindly forget to take your scented pocket handkerchief, I think you will both see and smell the force of what I say. But, apart from the appearances, inconveniences, and consequent deterioration of business, it has still a far more serious character; for as sure as you and I are both alive at present, this state of things if allowed to continue, will "mamaloose" more white men than the Chilcoaten Indians can possibly do.

Victoria, June 2, 1864. OLD JEFF.

FOR BENTINCK ARM.—The steamer Labouchere will be ready to sail on a trading voyage next week, calling at Bentinck Arm, where the Chilcoaten Indians are expected to meet her for their annual sale of furs, &c. It is, however, unlikely that many if any of them will be in attendance, on account of the recent atrocities perpetrated by their tribe.

HOUSE OF ASSEMBLY.

THURSDAY, June 2, 1864.

House met at 3:15, p.m.

Members present:—Messrs. DeCosmos, Dennes, Duncan, Powell, Jackson, Franklin, and Trimble.

The following communication was received from the Governor:

VICTORIA, 1st June, 1864.

To the Hon. the Speaker and Gentlemen of the Legislative Assembly.

GENTLEMEN,

I have the honor to acknowledge the receipt of your Speaker's communication, dated 31st May, 1864, forwarding a resolution requesting me to lay before the Legislative Assembly all the correspondence between the Lands and Works Office and contractors relating to the Dredge, Tug boat and Punts, and to inform you in reply that these papers have been moved for and are now before the Legislative Council.

I have the honor to be,
Mr. Speaker and Gentlemen,
Your most obedient servant,
A. E. KENNEDY,
Governor.

SUPPLEMENTAL SUPPLY BILL.

The second reading of this bill, authorising the Governor to appropriate certain monies for dredging machine, &c., came up and passed; the bill then went through Committee, and the standing orders having been suspended, on motion of Dr. Powell, it was read a third time and passed.

CONGREGATION EMANU-EL.

This bill was read a third time and passed.

HAREWOOD RAILWAY CO.

This bill was also read a third time and passed.

PROTECTION OF WELLS BILL.

The amendments on this bill, which were sent down by the Legislative Council, after a slight discussion, received the sanction of the House.

CROWN LANDS REPORT.

Mr. DeCosmos wished to know from the Chairman of the Crown Lands Committee when that gentleman intended to bring in the report.

Dr. Trimble said the report was so lengthy and so full of statistics that considerable time was required in preparing it for the House He thought, however, it would be ready by Tuesday.

Mr. DeCosmos said that the clerk should have assistance in order that the matter might be introduced on Monday.

Some discussion taking place on the matter,

The Speaker put the question to the House whether the report should be presented on Monday or Tuesday, when a majority agreed in favor of Tuesday.

SCHOOL APPROPRIATION.

Dr. Powell gave notice that he would move on Tuesday, that his Excellency be requested to appropriate, from the general revenue, the sum of $2500 for temporary school purposes, until a permanent system of education was established, and that the House pledges itself to make good the appropriation.

The House then adjourned till Monday.

LICENSING COURT.

[BEFORE HIS WORSHIP THE MAYOR AND MR. WOODS, ACTING STIPENDIARY MAGISTRATE.]

Mr. McDonnell, through Mr. Dennes, applied for a license to sell liquors on the Esquimalt Road in the vicinity of Col. Foster's property.

Mr. Bishop opposed.

The magistrate considered as there was no house built that the application was made to sound the bench on the subject, and refused.

Mr. Lusch, through Mr. Copland, applied for a license to open a house in the vicinity of the Cricket ground, near Beacon Hill Mr. Copland stated that a number of influential persons had signed a petition in his behalf, and that Mr. Lusch would very likely go to considerable expense and wished to have some prospect that a license would be granted.

The magistrate refused the application, stating that he could not license a house which did not exist.

Mr. Copland, on behalf of Mr. Simpson of Saanich, applied for a license for a house he had built situated three miles from Peter Lind's, and eight miles from Victoria.

Mr. Dennes and Mr. Bishop opposed on behalf of Peter Lind

Mr Copland said that the host of names attached to the petition would show the necessity of granting a license.

Mr. Bishop said he was employed by the Licensed Victuallers' Association as well as by Mr. Lind to oppose the application, and spoke for a considerable time, the drift of which was that there was no more accommodation in the house than was absolutely required by Mr. Simpson's family.

The magistrate would not render a decision to-day as Mr. Harris would be passing that neighborhood shortly and would inspect the house, and a decision would be given on next licensing day.

Mrs. Burns applied in person for a license to open the Bee Hive House on Fort street, as a private hotel and lunch house.

In reply to a question from the bench Mrs. Burns said she had resided in Sydney for 20 years, and had kept several hotels.

Mr. Bishop opposed on behalf of Mr. Williams and others, and read a petition which set forth that there were already nine houses on Fort street, and that another was quite unnecessary.

Mr. Woods asked what the accommodations were and other questions which were answered satisfactorily by Mrs. Burns.

License granted.

Mr. Bishop applied for a license in behalf of Thos. Burnes to open a new brick hotel in the vicinity of the Albion Iron Works.

Mr. Dennes opposed on behalf of Mr. Astrico of the Pacific Telegraph House, stating that the new house was only 150 yards from his, and that it was not required.

Mr. Bishop spoke in support of the application, stating that Mr. Burnes was well known here, and had gone to great expense in building a substantial house.

The magistrates could not entertain Mr. Dennes's objections, and after some deliberation granted the application.

The application of Mr. Smith of Esquimalt was about to be renewed by Mr. Green, but Mr. Cary opposed any further proceedings in the case, and said that he had already attended 7 or 8 times, and if called again would ask for fee; the case had been a night mare to him for some time back. The case was postponed till next week.

An application was read from Mr. J. Robertson Stewart, for a wholesale liquor license. Granted.

Mr. Vine applied for a license to open a house at Pedder Bay. Postponed till next general meeting.

THE INDIAN FIGHT IN OREGON.

[CORRESPONDENCE OF THE OREGONIAN.]

EDITOR OREGONIAN:—I have barely time before the express starts to pen you the following items concerning

CAPT. DRAKE'S COMMAND.

This command consists of Co D., Co. G., and a portion of Co. B., of the 1st Cavalry, Oregon Volunteers. Accompanying the troops are about twenty-five Indians (from the Warm Spring Reservation) as guides and scouts. The command marched from the Dalles on the 20th of April, and arrived at this point on the 18th May. The route travelled thus far is almost directly up the course of the Crooked River, crossing that stream frequently, and is a part of what is known as Joe Meek's Cut-off.

CAMP SEPARATION,

Where we are now encamped, was so named in consequence of its having been the point at which the commands of Major Steen and Capt. Smith, of the 1st Dragoons separated when they marched through this country three or four years ago. I should judge it to be about 180 miles from the Dalles upon the waggon road (Meek's Cut-off). This camp is three miles from the river, up a little canyon, at the head of which there is a very heavy forest of pine, and numerous clear, cold mountain springs. Here Capt. Drake will establish his depot of provisions for his summer's campaign. It is on the whole rather a romantic and pretty spot, and very capable of being made safe as far as Indians are concerned. It will hereafter be called Camp Maury, and will not be soon forgotten by any of this command, for yesterday in solemn procession, we carried to their last resting place three of our comrades, and fired over their new made graves the tribute due to the bodies of those who die in the service of their country, but not here or elsewhere shall we cease to pay tribute of praise to their noble spirits.

THE INDIAN FIGHT.

On getting into camp on the 17th instant, some fresh Indian signs having been seen during that day's march, the Indians who accompanied us from the Warm Springs went out upon a scout, and towards dark two of them came back to report a party of Snakes encamped some 12 or 14 miles ahead in a small valley; that there were some dozen lodges or more and a large band of horses. Lieuts. McCall and Watson were placed in command of a detail of 35 men to march at 10 p. m, and surround the wigwams, and surprise the Snakes at daylight. Arrived at the Snake camp, they waited until dawn when it was found that the enemy was not as accessible as had been represented and it was thought best to divide the command and charge both ends of the encampment at once. In attempting to do so it was clearly developed that the Snakes were not taken at all by surprise, but that they were almost impregnably entrenched in a natural fortification of rocks, and although in the first part of the charge the Snakes appeared to be falling back and panic stricken, yet as the soldiers' fire was becoming exhausted, they rallied and fought like devils from behind the rocks. Lieut. Watson was still advancing with his party when he was shot down. He appeared to have been killed instantly. Nearly about the same time two other men were killed and five wounded of the troops and one citizen wounded: one friendly Indian killed and two wounded, making a total loss of four killed and eight wounded. Lieut. McCall then drew the troops off a short distance and sent a courier to our camp, and Company G was immediately dispatched to his aid, but when they arrived the enemy had flown, leaving all of his household goods and other property to fall into our hands. The Spring Indians in the meantime had driven off the band of horses. So after setting fire to the wigwams and heaping on bushels of Indian muckamuck of every description, we came sadly away, bringing with us our dead and wounded. The Indian loss in this short fight must have been considerable, as many were seen to fall and the rocks were covered with blood where they were intrenched; They left but one of their dead upon the field, and him they had partly concealed with old hides.

The killed are Lieutenant Stephen Watson, Co. B, 1st Cav. Ogn. Vol.; privates James Harkison and — Kennedy, of Co. B 1st Ogn. Cav., and an Indian whose name is not known to me.

The wounded are as follows: Corporal R Dougherty, slightly in the shoulder with an arrow; privates Geo. Freeman, slightly in the wrist with an arrow; James Weeks, slightly in the wrist with an arrow; John Level, slightly in the side with an arrow; W. Henline, seriously in the shoulder with a bullet, all of Co. B.; Mr. Richard Barker, citizen, seriously with a bullet in the thigh, fracturing the bone; Stock Whitley, a well known Indian, seriously in three or four places with bullets, one of which entered just under his ear and came out of his mouth, carrying away two teeth, another fracturing his collar bone and others made flesh wounds in his back and arms; still another Indian received a slight bullet wound, and this completes the sad list of casualties. Old Stock Whitley showed himself a brave man on the battle field, and, though almost shot to pieces, walked off to where he could receive assistance, like an old grizzly.

After the funeral yesterday, we were conversing upon the sad duty we had just performed, and it was remarked that though public opinion did not so vote, it was just as deserving of praise to die here in the discharge of one's duty, as it would have been to fall at Chickamaugua or Gettysburg.

Very respectfully yours,
HYAS CULTUS.

LETTER FROM JAPAN.

[From the Resident Correspondent of the Alta.]

KANAGAWA, JAPAN, April 6th, 1864.

EDITORS ALTA:—Since my last, naught but peace and quietness has prevailed, publicly or otherwise, and we have pushed along and kept moving in the usual round of pastimes and pleasures, but not palaces, because in this land none have palaces except a privileged few, and they are rare and far scattered. Wars and rumors of wars have all vanished, evaporated, disappeared, and the only "blast upon the bugle" we hear, is that of the Frenchman upon the hill at early morn and dewy eve, where the sentinels of H.I.M. tread to and fro in as full state, and with all the panoply of war, as if in front of the gates of the Tuilleries.

THEREBY HANGS A TALE,

Of course, and as it is not a very long one, I will tell you how that is. In the midst of our real difficulties here, it seemed as if the settlement and all its fair inhabitants would be left to fate and the good (?) consciences of the Japanese, Admiral Kuper, the Vice-Admiral Commander-in-Chief of H. B. M.'s forces, having really advised the evacuation of the settlement. At that time he had about fifteen ships of war. When lo! Admiral Joares, the Commander-in-Chief of H. I. M.'s forces, with two ships of war, notified the officials and the people of the settlement that "Yokohama would be held to the last extremity!" The next day we beheld the French flag left flying from a fine staff planted on the bluff, an eminence commanding the whole town. And from that day to this it appears, to fresh arrivals, that this place is a French *protege*, or at least under French protection. And on that bluff, and around that flagstaff, on the hill and under the hill, Frenchmen and French bayonets daily gleam beneath the noon-day sun, and ditto the glimmering moonbeams' shimmering light. You ask me "Have the French military occupation?" "Have they fortified Yokohama bluffs?" I can only say, they have possession of works which command the harbor and town there; they have barracks and troops on the hill; they have the tri color perpetually flying there, from morning dawn to setting sun; they have howitzer's there; they have guards there, by night and by day; they have a signal corps there; they have the only foreign military station there that there is in Japan; and it will take a great many Japanese to drive them from there—more, in my opinion, than there are in Japan! And more; these works are the only foreign works, or occupation on the bluff, aside from lots given to the English and American Consuls, and fenced over a year ago, but have no other visible improvements upon them, and are not likely to have, unless the English and Americans do just as the French have done, viz.; by force occupy, build and enjoy; *i. e.*, compel the Japanese by threats to build for them.

This French occupation is a sore business, and is not unlikely to lead to very unpleasant results, and it is to results that we must look with the most concern.

PEACE AND QUIETUDE.

At the present writing, "all is quiet in front." We are as peaceful, gentle, and unalarmed as any "lambs of the fold" can be. Indeed, it is manifest that no one here is inclined to kick up a row. The Japanese do not wish war, the foreigners won't have war unless forced into it, and it will take many tricks to bring it about, notwithstanding the growling and muttering that will come uppermost now and then, in spite of threats of expulsion and even superciliousness.

THE DAIMIOS.

At Miako the Daimios have been assembled for some time in Congress, discussing foreign influence and foreign intercourse, as well as their right to abrogate foreign treaties and obligations, but with what result we have, as yet, no means of acquiring reliable information, and are not likely to have for some time. It is quite manifest, however, that a far better state of things now prevails than there did before, and somehow, conviction is growing upon the Japanese that the hated foreigner must be borne; that he is mulish, and though he may be coaxed he will not be driven. A large party, daily becoming more and more powerful and influential in the land, is making itself heard and felt in favor of peace, and continued uninterrupted intercourse, trade and commerce with the world. And it is understood once more that the Tycoon has not lost his power; that he is in great favor with the Mikado, and that he will soon be stronger than ever.

PRINCE NEGATO.

At Simonosake Straits Prince Negato still holds his own, and seems determined to "intervene" against all commerce, and prevent the passing of all foreign vessels, whether belonging to foreigners or to Daimios not in his sympathy or councils. It has been frequently asserted that the strong arm of the government would soon disarm him and occupy his strong works, reduce his grade, and confiscate his territory, or the greater portion of it; still he holds out, and very recently had the audacity to fire into and destroy one of the Prince of Satsuma's steamers, because she would not show her colors. This has had the effect to bring the forces of Satsuma into active cooperation with the government to put down this belligerent against all comers and goers, and the hope is now that in the course of time those important Straits will again be opened to peaceful commerce, and that not very far distant. Should this government fail then the Treaty powers should—nay they must—immediately despatch a force there to open it *vi et armis* if necessary In that event the naval forces of the United States should not be unrepresented, and it is presumed will not be; and it would give Americans in Japan and China no little pleasure and gratification to know that the gallant captain of the Wyoming was entrusted with that force. There can be no doubt he would be faithful and do well whatever he was called upon to do. It is supposed the Wyoming is at Shanghai or Nagasaki now, and will soon re-enter our port. Her officers and crew and starry banner blue, will be cheered on her arrival by many true admirers, of all nations represented here.

THE BUSINESS OF THE PLACE

Begins fairly to recover and increase in importance. Cotton comes in freely, and it is wonderful whence it all comes. Silk and tea are scarce, but the prices of the former are so exorbitant that not much is wanted, the margin being on the wrong side of the ledger. Another good reason for its scarcity is that the native merchants here make far greater profits operating in cotton on the same capital than they possibly can in silk or tea. Of the latter the amount so far is in advance of the same time last year. The shipment to America direct, this year, I learn from the United States Consul, is of far greater importance than anticipated—much over last year—and now amounts to something over two millions of pounds from this port alone.

THE BUILDINGS OF THIS PLACE

Are increasing with great rapidity, and some very substantial and beautiful ones are in the course of erection—buildings that would be ornamental in any city or country. And that we are rapidly becoming a city, may be fairly inferred from the fact that we are now favored by Professor Risley's Circus, attended by great crowds, with wondering, gaping eyes, the first performances of the kind ever seen in Japan. The Professor, I understand, goes from here to San Francisco direct. The star of his performance is Miss Lizzy Gordon.

THE BRITISH FLEET

Still remains, and is as quiet as the watery element will permit. The only movement of late has been towards the foreign cemetery, whither quite a number of her gallant men have been consigned, in consequence of the ravages of small pox, which has been prevalent on board several of the ships for the past six weeks. It is believed now, however, to have been checked and freed from all the vessels, except the Euryalus, the flag-ship of the fleet.

Nothing later has been heard of the pirate Alabama, and we suppose she has returned to the Cape. YOKAHAMA.

HOLLOWAY'S PILLS.—Stomach, Liver, and Bowels.—There is nothing hurtful in the composition of these purifying Pills, nothing that can injure the most delicate constitution. They improve the appetite, quicken the energies of the stomach and liver and regulate the bowels. They are natural, and therefore efficient purifiers and correctives. Few unhealthy conditions of the stomach or digestive apparatus can withstand the accumulative healthy influence obtained over the whole frame when these Pills are judiciously and perseveringly taken by invalids.

HIP DISEASE.

The most that can be expected in this disease is to prolong life, with stiffness or deformity of the hip joint. The PERUVIAN SYRUP will support the strength under the slow and painful ulceration, and will prevent the profuse discharge of matter, which, if opening externally will almost certainly prove fatal.

INVENTIONS AND PATENTS.—Each year adds almost innumerably to the list of inventors, and still more to that of inventions which are increased by a most uncommon multiple. The fruitful ingenuity of thousands of intellects thus contributes to the comfort, convenience and profit of the community, whilst of a necessity it also numbers the victims of too flattering hope, or of too sanguine a calculation. The list of Patents, active, passive, or neutral—vital or still-born,—productive or exhaustive swells to enormous proportions, but never without more or less advantage from the faculties which it awakens or calls forth, if but for a brief interval into active play. Every invention confers some good upon the world And those which tend to supply some great wants, or to relieve some great inconvenience, deserve at our hands so much the more commendation, that they cannot be called into existence at our bidding Amongst those patented inventions which have appeared to illustrate this eventful year, and to figure in the great International contest of ingenuity and industry, though many be more showily represented and more conspicuously marshalled before us, none meets with more personal sympathies than that of the new Osteo-Eidon produced by Messrs GABRIEL, the celebrated Dentists of London, Liverpool, and Birmingham, (as it is evidenced by their being the only dentists chosen on the Committee of the International Exhibition), whose admirable adaption of Artificial Teeth has obtained so high an approval from the profession as well as from the public. The Osteo-Eidon as a base for sets of teeth, obviates all objections applicable to other materials, and whilst firmly seated in the mouth and free from noxious elements, dispenses with all need of mechanism, and presents an appearance not to be distinguished from that of the natural gums and teeth. Messrs. GABRIEL announce that they submit their laboratories and manufactures to gratuitous inspection during this season As may be seen by reference to our advertising columns, Messrs. Gabriel supply Artificial Teeth and Gums on their patented system, irrespective of distance.

Holloway's Ointment and Pills.—Insufficient clothing, and exposure to damp and cold, produce many diseases of the skin, and greatly aggravate the suff rings of the delicate and scrofulous. The Ointment, applied to the part affected restrains all insidious inflammation, while it soothes, cleans, and renders healthy any ulcerations or sores which have destroyed the skin, and show little disposition to heal. This Ointment purifies the blood, renders the local circulation vigorous, and represses excessive irritation. Holloway's Pills are particularly serviceable in all strumous disorders, because they strengthen the stomach, improve the digestion, excite a proper action in the liver, and act as alteratives and aperients.

DR. HOSTETTER'S STOMACH BITTERS.—Wherever there is dispepsia, they are in demand. Nor is it for indigestion alone that they are a specific Every disorder of the stomach, the liver, the bowels, and the nervous system, seems to yield to their influence. They are an antidote to pain; they regulate the whole vital machinery, and may be justly termed the strongest ally that science has ever brought to the aid of nature in her struggle with sickness.—Sold by Druggists and dealers everywhere.

INVIGORATE THE SYSTEM.—Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dispeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

DR. HOSTETTER'S STOMACH BITTERS.

will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve muscle and fibre and brings the whole machinery of vitality into vigorous and healthful play.—Sold by all Druggists and dealers everywhere,

DYSENTERY.

For dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

HOLLOWAY'S PILLS.—Hale Constitution.—When the human frame has become debilitated from the effects of exposure, excesses or neglect, these Pills will repair the mischief, if they be taken according to the lucid directions wrapped round each box. Holloway's Pills exert the most exemplary tonic qualities in all cases of nervous depression, whereby the vital powers are weakened, and the circulation is rendered languid and unsteady. They improve the appetite, strengthen the digestion, regulate the liver, and act as gentle aperients. These Pills are suited to all ages and all habits. A patient writes:—"Your Pills, to be valued, require only to be known During many years, I sought a remedy in vain, was daily becoming weaker when your Pills soon restored me."

HOLLOWAY'S PILLS.—Nervous Debility.—Persons who feel weak, low and nervous may rest assured some serious ailment is looming in the distance against which instant action should be taken Holloway's Pills present the ready means of exciting energetic action on the liver, liberating accumulated bile, and lifting at once a load from the spirits, and expelling a poison from the body. This simple and natural method of remedying the Fatt ndency to disease gives present ease and insures future safety The pallid, and all those who are losing flesh should try these Pills which are especially useful when the digestive or other functions are imperfectly performed, and demand immediate correction, or, in after years neither mind nor body will be well developed.

San Francisco.
Sold by CURTIS & MOORE, Victoria. ma19

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS & GLANDULAR SYSTEM

and to have great control over

SCROFULOUS AFFECTIONS

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent This, considered impossible by the scientific world, is attested by certificate of analysis from Dr. J R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer Heart, Liver and Kidney Diseases Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color: hitherto pale, relaxed and feeble, he becomes full, strong and florid

Full directions accompany each bottle.

Sold by all Druggists Price $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

PERUVIAN SYRUP,

OR, PROTECTED

Solution of Protoxide of Iron!

Has been used with great success in curing

Dyspepsia,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhea, Boils, Scurvy, the prostrating Effects of Lead or Mercury,

GENERAL DEBILITY

And all diseases which require a

TONIC & ALTERATIVE MEDICINE,

The proofs of its efficacy are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

FROM WELL KNOWN CITIZENS OF BOSTON.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

REV. JOHN PIERPONT, THOMAS C. AMORY
THOMAS A. DEXTER, PETER HARVEY
S. H. KENDALL, M. D., JAMES C. DUNN,
SAMUEL MAY, REV. THOS. WHITTMORE

CERTIFICATE OF DR. HAYES.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates citrates, and tartrates of the Materia Medica.

A. A. HAYES, M. D.,
Assayer to the State of Massachusetts.
16 Boylston street, Boston.

ma24 Solicitor for Assignees.

DR. J. COLLIS BROWNES

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M R C S L. (ex-Army Medical Staff) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V Ridout Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W P. Wood, on Jan. 11 pronounced: "that it is clearly proved before the Court that Dr. J Collis Browne was the original Inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

Caution--Chlorodyne--In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P Wood, by affidavits from eminent hospital Physicians of London, that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's See Times, Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J T. Davenport, 33 Great Russell street. London, W. C. sole manufacturer. Observe particularly, none genuine without the words "Dr. J Collis Browne's Chlorodyne" on the Government Stamp. ja24 1yw

MISCELLANEOUS.

HELMBOLD'S

Genuine Preparation.

HIGHLY CONCENTRATED

Compound Fluid Extract

BUCHU!

A Positive and Specific Remedy

FOR DISEASES OF THE

BLADDER, KIDNEYS, GRAVEL,

—AND—

Dropsical Swellings.

THIS MEDICINE INCREASES THE POWER of Digestion, and excites the ABSORBENTS into healthy action, by which the WATERY OR CALCAREOUS depositions, and all UNNATURAL ENLARGEMENTS are reduced, as well as PAIN AND INFLAMMATION, and is good for

MEN WOMEN, AND CHILDREN

HELMBOLD' EXTRACT BUCHU,

FOR WEAKNESS

Arising from Excesses, Habits of Dissipation, Early Indiscretion or Abuses, attended with the following Symptoms:

Indisposition to exertion, Loss of Memory, Weak Nerves, Horror of Disease, Dimness of Vision, Universal Lassitude of the Muscular System, Hot Hands, Dryness of the Skin, Loss of Power, Difficulty of Breathing, Trembling, Wakefulness, Pain in the Back, Flushing of the Body, Eruptions on the Face, Pallid Countenance

These symptoms, if allowed to go on, which this Medicine invariably removes, are followed by

Impotence, Fatuity, Epileptic Fits,

In one of which the patient may expire.
Who can say that they are not frequently followed by those "DIREFUL DISEASES,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, but none will confess.

The Records of the Insane Asylums, and the Melancholy Deaths by Consumption,

Bear ample witness of the truth of the assertion. The CONSTITUTION ONCE AFFECTED WITH ORGANIC WEAKNESS requires the aid of medicine to strengthen the system, which

HELMBOLD'S EXTRACT BUCHU

Invariably does. A trial will convince the most skeptical.

Females, Old or Young, Single, Married or Contemplating Marriage.

In many affections peculiar to Females, the EXTRACT BUCHU is unequalled by any other Remedy, as in Chlorosis or Retention, Irregularity, Painfulness or Suppression of Customary Evacuations Ulcerated or Schirrous State of the Uterus, Lucorrhœa or Whites, Sterility, and for all complaints incidental to the sex, whether arising from indiscretion, habits of dissipation or in the decline or change of life as the symptoms above

NO FAMILY SHOULD BE WITHOUT IT.

Use Helmbold's Extract Buchu

For all affections and diseases of the URINARY ORGANS, whether existing in MALE or FEMALE, from whatever cause originating, and no matter of how LONG STANDING Diseases of these organs require the aid of a DIURETIC.

HELMBOLD'S EXTRACT BUCHU

Is the great Diuretic, and it is certain to have the desired effect in diseases for which it is recommended. Evidence of the most responsible and reliable character will accompany the medicines.

CERTIFICATES of CURES

From eight to twenty years standing, with names known to Science and Fame.

HELMBOLD'S EXTRACT BUCHU

CURES

Secret Diseases

In their last stages; little or no change diet; at little expense; no inconvenience, and no exposure. It causes a frequent desire and gives strength to urinate thereby removing obstructions preventing and curing Strictures of the Urethra, allaying pain and inflammation, so frequent in the class of diseases, and expelling all poisons, diseased and worn out matter. Thousands upon thousands who have been the victims of quacks, and who have paid heavy fees to be cured in a short time have found they were deceived, and that the "poison" has, by the use of "powerful astringents," been dried up in the system, to break out in an aggravated form, and PERHAPS AFTER MARRIAGE.

CERTIFICATES FROM PHYSICIANS

BOSTON, July 17, 1860

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder and kidneys with the most happy results, and I feel assured I never used an article of medicine that produced a more sure and certain relief for the complaints for which it is recommended

JACKSON F. STEWART, M. D.

CINCINNATI, Oct. 21, 1860

MR. HELMBOLD—DEAR SIR:—I have used your Extract Buchu in diseases of the bladder kidneys, gravel and dropsy in my practice, and have witnessed such signal results arising from its use, that I have no hesitation in adding my testimony to the recommendations already given in favor of it.

Very respectfully,
D. WEBSTER HAINES, M. D.

PITTSBURG, May 14th, 1863.

MR. HELMBOLD—DEAR SIR—Having used your medicines for some years in my practice, I can confidently recommend them to be all that you claim for them in dropsy, gravel, and diseases of the bladder and kidneys.

Truly yours. W. F. CLINTON, M D.

BALTIMORE, April 13, 1857

MR. HELMBOLD—DEAR SIR:—I am a physician of twenty-five years standing. I have prescribed your Extract Buchu in the various affections of the bladder and kidneys, and they have in all cases given the utmost satisfaction I confidently recommend them to the profession as invaluable medicines, paramount to all others as a safe and speedy remedy in all cases of sickness for which it is recommended.

Very respectfully yours,
ROBT. F. GREEN, M. D.

MEDICAL ASSISTANCE.

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,
STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,
AND
RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once.
ITS FIRST INDICATION
Is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhœa, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm Sydney Myers, Esq , of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty five years, and for twenty year he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c, &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarius Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C P Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S C, when working in the swamp, erecting fortifications Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

CAUTION.

In all cases ask for Radway's Ready Relief. Take no other See that the signature of Radway & Co. is on the outside label of each bottle. Every agent is supplied with a new and fresh stock. Price 25 cents per bottle. Sold by Druggists, Merchants and country storekeepers.

---

ALL CURES MADE EASY!!!

—BY—

Holloway's Ointment.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore or ulcer can resist the healing properties of this excellent Ointment. The worst cases really assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions It should be well rubbed upon the neighboring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage: the most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout and Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravitie from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm, and other Skin Diseases.

After fomentation with warm water, the utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach: consequently in many cases time is required to purify the blood which will be effected by a judicious use of the Pills The general health will readily be improved, although the eruption may be driven out more freely than before, and which should be promoted; perseverance is necessary.

Sore Throats, Diptheria, Quinsey, Mumps and all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula, or King's Evil, and Swelling of the Glands,

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure, the liver stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chiego-foot	Fistulas	Sore-throats
Bad Breasts	Chilblains	Gout	Skin-disease
Burns	Chapped Hands	Glandular	Scurvy
Bunions	Corns (Soft)	Swellings	Sore-heads
Bite of Mosquitoes and Sand-Flies	Cancers	Lumbago	Tumours
Coco-bay	Contracted and Stiff Joints	Piles	Ulcers
Scalds	Elephantiasis	Rheumatism	Wounds
			Sore Nipples

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices:—1s. 1½d; 2s. 9d; 4s 6d, 11s., 22s., and 33s each Pot.

☞ There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients every disorder are affixed to each pot. oc1

BUCKEYE MOWER.

TO FARMERS:

WE, WITH GREAT CONFIDENCE, offer the Buckeye Machine for this reason: Knowing it to be superior to any Mower for sale, and that it will sustain the reputation it has made for the past three years in surpassing any other Mower in the following respects:

Being better Made; much Stronger and more Durable; will Run Lighter; Cut much closer with greater ease to the team, and no side draught.

We can bring twenty Farmers to say the BUCKEYE is SUPERIOR to any Mower, to one who can be found prejudiced against it.

The Buckeye Mowers are of two sizes, cutting 4 feet, and 4 feet 8 inches.

The "Buckeye" as a Reaper.

The important advantages which belong to the BUCKEYE as a mower are retained in the Reaper, and can be used either as a Mower or Reaper by attaching the Platform and Reel.

Though importing largely of them, we have been unable, for two years, to supply the demand.

They are better adapted to the wants of California Farmers than any Combined Machine for sale. It will adapt itself to every surface of ground, will run lighter and deliver its grain easier and better than any other Reaper. The Reaper's seat is directly over the axle of the Machine, instead of being on the Platform, where it adds greatly to the draught.

WE ARE SOLE AGENTS

In San Francisco and Marysville for the

Haines "Illinois" Header.

This is the only Header, which, during the past six years has stood the test and given satisfaction; all others which have been tried have proved failures, and have been withdrawn from the Market as unsaleable.

IN THEIR VARIOUS BUSINESS transactions and engagements the BRITISH COLONIST PUBLISHING COMPANY will sign
oc7 HARRIES & CO.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862.

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country, No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"...of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of a inspection."—*Illustrated London News*, November 8th, 1862.

Keating's Cough Lozenges.

THIS WORLD RENOWNED MEDI-cine, which has obtained such celebrity in all parts of the globe in the cure of Cough, Asthma, Hoarseness. Incipient Consumption, and other affections of the Chest and Pulmonary Organs, is strongly recommended to all suffering from any of the above disorders, as One Trial will be sufficient to prove their undoubted efficacy, being frequently used under the recommendation of the most eminent of the Faculty.

IMPORTANT TESTIMONIAL.

MELBOURNE, Port Philip,

DEAR SIR,—I duly received per Maitland the case of Lozenges, and have much pleasure in saying that they have met with a ready sale,—therefore, send me now the value of ten pounds, that is, double the last sent, packed in two cases with Tins, &c., as before.

The Lozenges require only to be tried, and I am sure the sale will be immense. I am not an advocate for Proprietary Medicines in the general way, but assure you that the Lozenges have done so much good in almost every case in which we have recommended them, that I believe them better adapted to this climate than anything else we have seen used.

Believe me, dear Sir, yours faithfully.
DANL. R. LONG.

Mr. Thomas Keating.

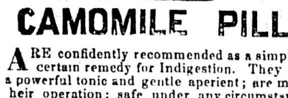

Prepared and sold in Boxes and Tins of various sizes, by Thomas Keating, Chemist, &c., No 79 St Paul's Church Yard, London Sold retail by all Druggists and Patent Medicine Venders in the world.
